## Instructions to make a pop-up box

1. Print out all sheets onto good quality photo paper OR if there is black or dark colours print onto good quality white card as it won't smudge.

Some of the dotted lines have been missed of these designs so not to spoil the finished card.

2. Cut out all the pieces you need and score and fold where indicated on the sheets. See pic1.

Pic 4

4.   Put the inside front insert printed side down and bend the flaps forward. See pic 3.

5.   Fold the middle insert as shown in pic 4.

6.   Glue the candles you need onto the cake. (Only applicable to this design, other designs may have decoupage layers to add instead.

Pic 6

7.   Fold the box up and stick the back flap into place to complete the box.
See pic 5.
8.   Stick in the front insert with flaps folded forward, see pic 5.
9.   Stick in the back insert, see pic 6.
10.   Stick back liner in, see pic 7..
11.   Insert and stick into place the middle insert. See Pic 8.

Pic 8

12. Stick the ribbons into place, they fit onto the sloping sides of the middle insert, you will need to bend them to fit over the box sides.

13. Stick the images on the front flaps (for this design it is birthday gifts your design may have different shapes) see finished card.
