

## Instructions to make a fold back pop-up card

1. Print out both sheets onto good quality card or photo paper. If your design has dark colours or black, card is better as it does not smudge like photo paper.
2. Cut out all pieces- see pic 1

3. Score and fold along lines A-B and C-D see pic 1
4. Fold the card wrong sides together and cut where the scissor shapes are. Also score and fold along the dotted lines. Pic 2

5. Fold the card and push out the step - see pic 3.
6. Put sticky foam pads where the corner shapes and the verse go. See pic 3 and stick the shapes in place- see pic 4.
7. Use strong multi purpose glue to stick the big triangle in place - see pic 4
8. Put sticky foam pads on the front of the card where the triangles go- see pic 4.
