

3D Police Box Milk Carton Sets

Cute small and tiny milk carton style boxes in the shape of a Police Box an extra bonus sheet is included with inners to hold a cupcake in place or if you leave this out they make great little boxes to hold sweets/ cookies or small gifts too! The tiny Police Box makes a great Christmas tree decoration too!

For best results print sheets 1 to 4 onto photo paper or good quality cardstock. Print sheet 5 onto the reverse for a pretty lining

for both boxes
before cutting out use a ruler
and scoring tool to score the
fold lines on sheets where
marked including between the
small black dots. I have marked
these in red on the diagram

Cut out all pieces.
Fold and crease all score lines
using a bone folder.

The red lines denote mountain
folds and the blue lines valley
folds, cut the green lines.

score and fold the small box as
per the diagram on the left and
the box inserts as per the right
diagram

The front and side of the large
box will now look like this.

Add double sided tape to the
side flaps. I have marked these
in red on the photo

The back and side of the large box will now look like this

The easiest way to crease the diagonal valley folds is to turn over the triangular piece on the right and crease

... and then fold over and crease the other triangle piece, making sure not to crease down into the sides of the box.

Join the front and back of your box making sure to align the sides.

To make things easier for you to see I haven't printed the backing paper onto the reverse of my sheets.

Your box will now look like this. Add double sided tape to the bottom and side flaps.

I have marked these in red on the photo.

Fold your box in half and adhere to the double sided tape we added earlier. making sure to line up the sides

Open out and turn your box on it's side. Fold in the 2 opposite smaller bottom flaps. Making sure to keep your box square.

Fold in the remaining smaller flap

Fold up and and adhere the remaining flap to secure the base of your box

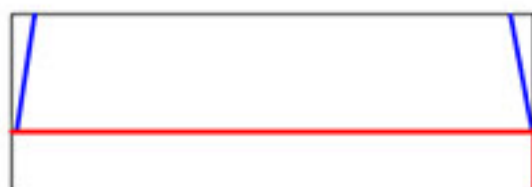

Your box will now look like this from the front and the side

Fold in the valley folds at the sides and feed the small flap at the front into the top of the back. Continue to feed the flap inside until it's like the bottom right hand photo.

Depending on the thickness of your cardstock you may need to trim the flap a little from the score line to the flap edge as per the diagram below. Only trim a tiny bit as otherwise your box may not stay closed

The tiny box is made in exactly the same way following the instructions from the top of page 4 in this tutorial

the back and sides of the boxes

I finished my boxes off with ribbon, jingle bells and the holly from the kit, a swing tag and lots of glitter. I added a hanging loop to the small box to hang it from the Christmas tree. Score and fold the matching gift tag

Punch a small hole on either side on the back and thread ribbon or cord through to hang your box or tag or both!

They are great filled with a cupcake, gift, treat or sweets!! There are cupcake and small treat inserts on sheet 4 of the kit. Score, fold, cut out the center (choosing the size you require on the smaller one) and insert them into the boxes.
