sheet 1

sheet 2

Read these instructions all the way through before making your box

These scoring diagrams will show you exactly where the score lines on each sheet.

Before cutting out use a ruler and scoring tool to score the fold lines on sheets where marked. Use the lines at the edges of the sheets to align your ruler.

Mountain fold the score lines as shown on the diagrams

Fold and crease all the score lines using a bone folder.

Cut out the aperture on the front

Add dst to the side flaps where shown in **RED** on the photo

Cut out the Diorama Layers

Add dst to the side flaps where shown in **RED** on the photo

Turn the front over and adhere the left hand flap on the back diorama layer in place against the score line.

I have marked the score line in **red** on the next 3 photos

Fold the back diorama layer over.

I have marked the edge of the layer in **blue** on the next 2 photos

Adhere the left hand flap on the front diorama layer in place against edge of the back diorama layer

Fold back the right hand flaps on the back and front diorama layers

I have marked where these are in red on the photo

3D Words Diorama Shadow Box Card

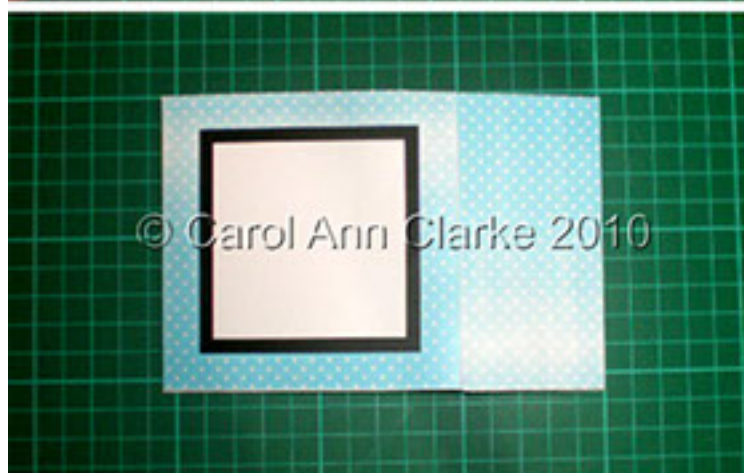

Fold the right hand side of the card over and adhere to the diorama flaps

Your card will look like this from the front now

Turn over and make sure the remaining flaps are folded inwards.

Adhere the card back to the flaps.

The back of your card will now look like this

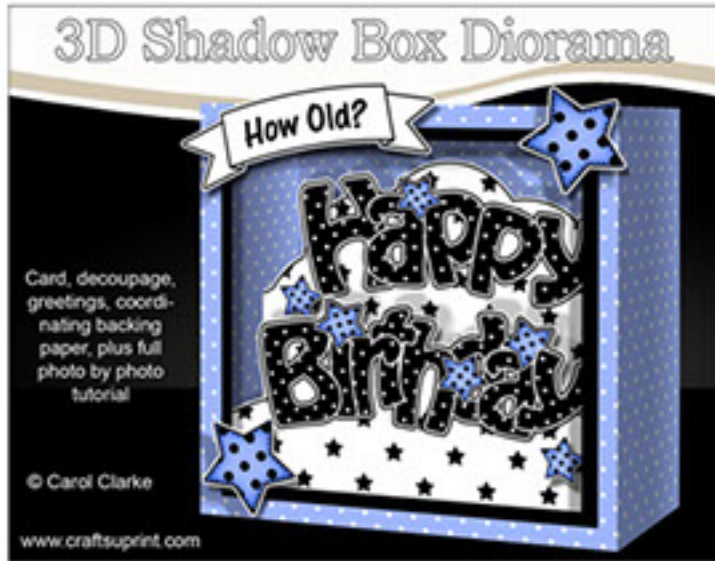

The front of your card will now look like this

You can now decorate your card with your choice of the decoupage and greetings from the kit. I added a greeting and decoupage to the front and back. I also used thin strips of acetate attached to the back of the front layer to allow the small stars to 'float' in between the layers
