

BOTTLE GIFT TAG TUTORIAL

Save money on expensive gift wrap or gift bags by using one of these unique bottle gift tags.

Simply print on thin, flexible card, cut out, add your greeting and pop over the neck of the bottle. See example below.

It doesn't have to contain alcohol! Try putting it on a bottle of bubble bath, squash or even plain old water.

The tag can be adhered to the bottle with a little clear sticky tape.

There are two gift tags per sheet.
