

Side Step Tutorial

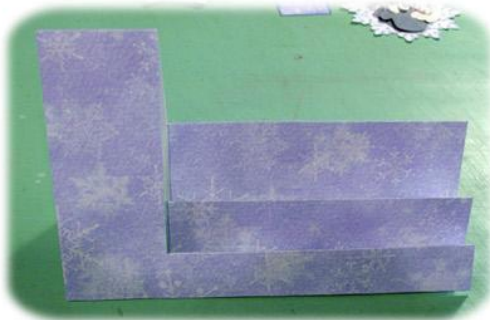

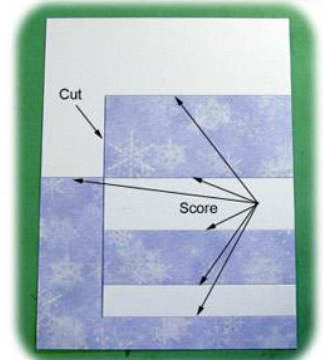

Card used in Tutorial is Warm Felted Snowman
Side Step Card © Carol Lepard 2010

1. Print out card on good quality cardstock and tea bag tiles on copy paper for easy folding.

2. Cut out all of the elements.

3. Score along all color changes on Card.
4. Cut along line between side bar and steps.

5. Mountain fold at Top of each color change and Valley fold at Bottom of each color change.

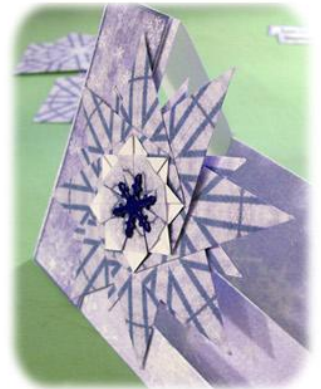

6. Using foam pads for depth, center decorative panel on side bar.

7. Layer Pyramid or 3-D with foam pads or silicon and place on back step.

8. Assemble tea bag tiles in desired fold and place completed fold at join of front step and side bar so that none hangs off the card.

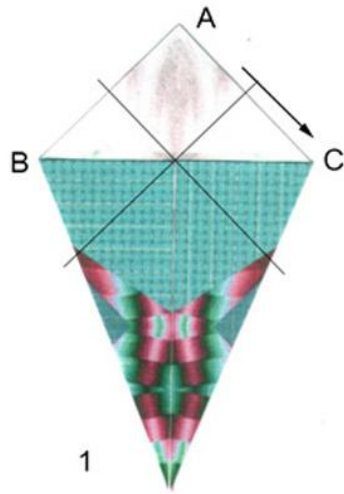

Tea Bag fold used for tutorial is Super Nova Fold. More of my Tea Bag folds may be found at <http://craftsuprint.com/default.cfm?teabags>

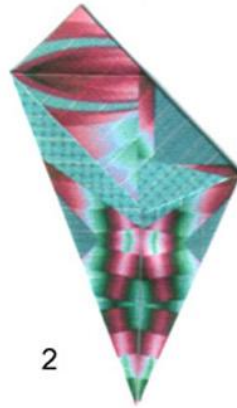

9. Place the sentiments on the remaining 2 steps as desired for a finished card.
