

Large DL Computer Easel Card Kits

Fabulous keepsake cards that are simple to make but look so stunning when made up and will WOW the recipient.

For best results print sheets 1, 2 & 3 onto photo paper or good quality cardstock

Large DL Computer Easel Card Kits

If wished print the coordinating backing paper onto the back of sheet 1

Before cutting out score all the fold lines where marked with light grey registration marks.

Cut out all the elements.

Fold the easel base (sheet 1) in half and crease. open and crease along the second fold line.

Add double sided tape to the flap where shown in red on the photo.

Fold and crease the flap on the front panel

Attach to the easel base using the double sided tape you added earlier.

Lining up along the bottom edges.

Your card will now look like this from the side

Large DL Computer Easel Card Kits

Take the easel stopper (the keyboard), turn over and add double sided foam tape to the back on the outside areas only where shown.

Attach to the base area of your card, lining up with the edges of the base.

Fold the front panel forward and slip the tag under the easel stopper to secure your card in the upright position

Your basic card is now completed and is ready to be decorated as you wish. To flatten the card remove the flap from under the stopper, fold the flap under and slip it into it's matching envelope to post.

There are a number of greetings sentiments also included in the kit.

I have chosen to add one to the back of the card and a 2nd to the inside of the card.

I will use these to write a greeting on the card.

There is a blank greetings sentiment panel included too.

There is also a decoupage computer screen layer to use if you wish

Large DL Computer Easel Card Kits

Print the matching envelope that is also included in the kit onto good quality paper. Make up using the instructions in your kit

Your card will fold flat and is now ready to be sent
