

Fan Pyramage

page 1

Cut out all the pieces and to save confusion write the numbers on the back

Starting with layer 1 Follow the diagram add each of the pieces on top of the base layer matching the pattern and using foam tape to add depth.

Add the pieces in number order to create a fan pyramage topper that is simple to make but looks stunning when completed

Fan Pyramage

page 3

Continue to add the layers in number order until you have completed the fan pyramage card:-

You could also shape the layers slightly before adding them for a different look.
