

3D Small Fancy Fold Treat Boxes

Cute Fun Treat Boxes that can be used as a Christmas Tree Decoration
..... and they hold a little treat too!!

For best results print sheets onto photo paper or good quality cardstock.

3D Small Fancy Fold Treat Boxes

Before cutting out use a ruler and scoring tool to score the fold lines on sheets where marked following the guide on the left.

There are small dots on the sheet (marked in orange on the guide) join these with scored lines too

your treat box will look like this with the lines scored

Turn over and fold in on one of the partial diagonal score lines (marked in red on the guide above)

Use a bone folder to crease these folds crisply.

Repeat with the other 4 partial score lines.

3D Xmas Treat Boxes/Tree Decorations

Starting with the left hand side
bring up the 3 side flaps and start
to roll to the right

Continue rolling to the right,
bringing the sides within the
remaining flaps

Roll all the way over

Fold up and adhere the 2 side
flaps on the top and bottom

3D Small Fancy Fold Treat Boxes

Pinch in on the middle squares (shown in orange dots on the guide) and using a bone folder crease the diagonal lines. Repeat on the other side

Fold in the sides

like a concertina

And fold over the top and flap

3D Small Fancy Fold Treat Boxes

Add the decorations to the inside of your box

I sandwiched small magnets on the inside under the decorations to close the box, but you could use small velcro dots too.

There are alternative squares for the centre of your box, These can be used with your own stamps, peel offs or rub ons etc or can also be used with the small greetings squares. The small greetings squares can also be used as tags, giving lots of possibilities for finishing your box

Place a small treat or treats in your box, fold it up and your done!

I finished my box with decoupage flowers and crystals
