

Triple Oval Easel Cards

Instructions

By Mary MacBean at <http://www.craftsuprint.com/mary-macbean/>

Materials

2 sheets A4 heavy cardstock or photo paper

Sticky pads or silicone glue

Print out both sheets.

Before cutting out, score along the fold lines on the easel base where marked. Cut out all pieces

Fold the card along the scored lines to make the easel shape.

If desired, trim a piece of matching or toning card to fit, and attach to the easel base to strengthen it.

Attach the card topper to the folded-over front of the easel, matching the bottom edges and making sure only the lower part of the topper is attached to the easel.

Using silicone glue or sticky pads, attach the pyramid layers to the front of the card, starting with the largest piece and building up to the smallest, matching the design below.

Attach the stopper to the easel base using sticky pads or silicone glue for depth.
