

Mask Card Toppers Tutorial

By Mary Jane Harris 2014

1. Cut out the card front topper.
2. Cut out all of the decoupage layer pieces.
3. Cut out the sentiment tag of your choice.
4. Using double sided sticky tape, glue dots, or square foam pads, affix the layers in the correct positions on the card front.
5. Affix the card front onto a blank card and add any additional embellishments you choose... and your card is complete!
